2. It is to inform that during the period from 01.01.2025 to 30.06.2025 this office has received 70 RTI applications from you including the above. Further, it is also to inform that during the period from 01.03.2023 to 27.05.2025 this office has received 230 RTI applications alone from you.

3. It is to bring to your notice that as you are repeatedly filing applications under RTI Act, which leads to wastage of public resources, diversion of the precious man-hours of One TA/Inspector, One Superintendent and One Group-A officer daily in this organization who are being paid by the Government of India from the Public Money credited in the form of Taxes.

4. It is further to inform that as per Section 7(9) of the RTI Act, 2005 "An information shall ordinarily be provided in the form in which it is sought unless it would disproportionately divert the resources of the public authority or would be detrimental to the safety or preservation of the record in question". In other words, if the application filed under RTI Act, 2005 leads to diversion of resources disproportionately, there is no need of furnishing the information. As you are filing the applications repeatedly and continuously targeting the CPIOs, this office has proposed to reject all your applications since the resources are being diverted considerably leading to hitch of the regular & other productive work like collection of Revenue and arresting the leakage of Revenue. Another reason for proposal to reject your applications is the absence of "public interest" or "larger interest" or "larger public interest" in the information sought by you which otherwise appears to be vexatious.

5. It is noticed that the RTI queries raised by you are repetitive in nature. In this regard, attention is invited to the decision of CIC, vide its Order No. CIC/AD/A/2013/001326-SA dated 25.06.2014 in the case of Ramesh Chand Jain Vs. Delhi Transport Corporation, where in the CIC held that if the applicant seeks the information again and again, the PIO, the First Appellate Authority and the Commission would be forced to spend their time on this repeated application, and in the process the authorities would lose their much time to address other RTI applications will amount to clog the office of the public authority and CPIO would be justified in refusing the same with intimation of reasons thereof. The repeated RTI applications prevent the officers from performing their general duties attached to their office.

6. Your attention is also invited to the Honorable Supreme Court's decision in the case of Central Board of Secondary Education & Anr. Vs. Aditya Bandopadhyay in Civil Appeal No. 6454 of 2011 wherein it was held that impractical demands under RTI Act for disclosure of all and sundry information would be counter-productive as it will adversely affect the efficiency of the administration and result in the executive getting bogged down with the non-productive work of collecting and furnishing information.

7. As the information sought by you in the above RTI applications is not readily available and collection/compilation of such information would lead to wastage of public resources, public finance and divert the precious manhours of the officials, the information sought by you could not be provided as per Section 7(9) of the RTI Act, 2005 as discussed supra.

ORDER

Accordingly, all the applications as above filed by the applicant are disposed.
